Molded AirBoss Lightweight Overboot (MALO)

Constructed with bromobutyl rubber, the MALO provides chemical, biological, and battlefield contaminant protection and is the premier overboot solution worldwide. The MALO provides proven protection and is currently fielded with Canadian, UK, and US forces, and has been integrated globally with most CBRN protective ensembles.

Lightweight and rugged

Delivers improved mobility and comfort with an aggressive, self-cleaning, and anti-static sole, ensuring superior performance in any environment.

Comprehensive sizing

Available in five sizes covering 95% of the population, providing an optimal fit for any user.

Quick decontamination

Designed for easier immediate decontamination in the field and easy doffing during final decontamination.

Anti-static sole

Proven design

Ambidextrous design, adjustable straps, and matte finish allow for easy donning and doffing, ensuring users can quickly respond in any event.

Up to 24 hours of protection

Proven continuous protection against chemical and biological agents, and a wide range of toxic industrial chemicals, reducing the risk of exposure.
